Except Smt. Binuta Patra, none of the other Directors/Key Managerial Personnel of the Company and their relatives is/are in any way, concerned or interested, financially or otherwise, in the aforesaid Resolution No. 6 of the Notice.

The Board recommends the Resolution at Item No. 6 of the Notice for your approval.

#### Item No. 7

The Board of Directors of the Company at its Meeting held on 24.03.2021 noted the net Fund based Working Capital requirement of the Company for the Financial Year 2021-22 of Rs.120 Crore and Non-Fund based Working Capital requirement for Letter of Credit (LC) and Bank Guarantee (BG) of Rs.40 Crore (Total Rs.160 Crore) in addition to revised borrowings limit upto Rs.1610 Crores under Financial Closure II.

With the proposed working capital facility availment of Rs.160 Crore, the total borrowings of the Company would be increased from Rs.1610 Crore to Rs.1770 Crore (comprising of term loan of Rs.1610 Crore and working capital facility of Rs.160 Crore). Since, the aggregate borrowings upto Rs.1770 Crores exceeds the paid-up share capital, free reserves and securities premium of the Company and earlier limit of Rs.1610 Crore approved by the shareholders under Sections 180(1)(c) of the Companies Act, 2013 ("Act"), further approval of the shareholders by way of special resolution is required for borrowings upto the limit of Rs.1770 Crore in terms of the provisions of section 180(1)(c) of the Act.

The Board of Directors of the Company at its Meeting held on 04.05.2021 recommended the approval of shareholders to authorise the Board of Directors of the Company to exercise borrowing powers upto the limit of Rs.1770 Crore pursuant to the provisions of Section 180(1)(c) of the Act, notwithstanding that the moneys to be borrowed together with the monies already borrowed (apart from temporary loans obtained from the company's bankers in the ordinary course of business) will exceed the aggregate of the paid-up capital, free reserves and security premium.

Hence, the approval of the shareholders by way of special resolution is required in terms of the above provisions of section 180(1)(c) of the Act. The Board, therefore, recommends the Special Resolutions at Item No. 7 of the Notice for your approval.

None of the Directors / Key Managerial Personnel of the Company and their relatives is/are, in any way, concerned or interested, financially or otherwise, in the Resolution at Item No. 7 of the Notice.

#### Item No. 8

The Board of Directors of the Company at its Meeting held on 24.03.2021 noted the net Fund based Working Capital requirement of the Company for the Financial Year 2021-22 of Rs.120 Crore and Non-Fund based Working Capital requirement for Letter of Credit (LC) and Bank Guarantee (BG) of Rs.40 Crore (Total Rs.160 Crore) in addition to revised borrowings limit upto Rs.1610 Crores under Financial Closure II.

With the proposed working capital facility availment of Rs.160 Crore, the total borrowings of the Company would be increased from Rs.1610 Crore to Rs.1770 Crore (comprising of term loan of Rs.1610 Crore and working capital facility of Rs.160 Crore). Since, the aggregate borrowings upto Rs.1770 Crores exceeds the paid-up share capital, free reserves and securities premium of the Company and earlier limit of Rs.1610 Crore approved by the shareholders under Section 180(1)(a) of the Companies Act, 2013 ("Act"), further approval of the shareholders by way of special resolution is required to create a charge by way of hypothecation, mortgage, lien, pledge etc. in favour of the lenders upto the limit of Rs.1770 Crore under Section 180(1)(a) of the Act.

As per the provisions of Section 180(1)(a) of the Act, a Company shall not sell, lease or otherwise dispose of the whole or substantially the whole of the undertaking(s) of the Company or where the Company owns more than one undertaking, of the whole or substantially the whole of any such undertaking, unless approval of the shareholders by way of Special Resolution is obtained. In connection with the loans / credit facilities to be obtained by the Company as and when required from banks, financial institutions etc for business purposes, the Company might be required to create charges over its assets, properties by way of hypothecation, mortgage, lien, pledge etc. in favour of its lenders (up to the limits approved under Section 180(1)(c) of the Act), for the purposes of securing the loan/credit facilities extended by them to the Company. Further, upon occurrence of default under the relevant loan/facility agreements and other documents as may be executed by the Company with the lenders, the lenders would have certain rights in respect of the Company's assets, properties including the rights of sale / disposal thereof. Creation of charge/s as aforesaid and enforcement of assets by the Company's lenders upon occurrence of default may amount to a sale/disposal of the whole or substantially the whole of the

undertaking of the Company, pursuant to the provisions of Section 180(1)(a) of the Act.

The Board of Directors of the Company at its Meeting held on 04.05.2021 recommended the approval of shareholders to authorise the Board of Directors of the Company to create charges over its assets, properties by way of hypothecation, mortgage, lien, pledge etc. in favour of its lenders (up to the limits approved under Section 180(1)(c) of the Act), for the purposes of securing the loan/credit facilities extended by them to the Company.

Hence, the approval of the shareholders by way of special resolution is required in terms of the above provisions of section 180(1)(a) of the Act. The Board, therefore, recommends the Special Resolution at Item No. 8 of the Notice for your approval.

None of the Directors / Key Managerial Personnel of the Company and their relatives is/are, in any way, concerned or interested, financially or otherwise, in the Resolution at Item No. 8 of the Notice.

Your Company (GNAL) is a joint venture company promoted by Gujarat Alkalies and Chemicals Limited (GACL) and National Aluminum Company Limited (NALCO). GACL and NALCO are holding 60% and 40% equity share capital in GNAL respectively. By virtue of the 60% shareholding of GACL in GNAL, GNAL is a subsidiary of GACL under the provisions of the Companies Act, 2013 ("Act").

GNAL is setting-up 800 TPD Caustic Soda Project and 130 MW Captive Power Plant (CPP) at Dahej. The installed capacity of the CPP is 130 MW, out of which the generation capacity is 102 to 117 MW. GNAL is into the main business of manufacturing of caustic soda and the major cost component of caustic soda group is electricity. The power generated through CPP will be used for captive purpose. Approximately 80-90% of the power generated through CPP will be utilized by GNAL for captive use and balance power may be transferred / supplied by GNAL to GACL or other customers including Government / local authority or other persons, subject to compliance of the Electricity Act / Rules for supply of such power.

Existing Main Object of the Memorandum of Association of the Company enables the Company to manufacture Caustic Soda and Power. It does not enable the Company to sell / supply / transfer the power generated by it to its customers in accordance with the applicable laws. The Company intends to transfer surplus power generated through its Captive Power Plant to GACL or other customers including Government / local authority or other persons, subject to compliance of the applicable laws. Further, the Company foresees promising opportunities in the power sector in the Country and it is, therefore, necessary to change the Main Object of the Memorandum of Association of the Company to enable the Company to venture into the area of generation, transmission and distribution of electricity. Accordingly, new Clauses 1A to 1C under Clause III-A (i.e. main objects to be pursued by the Company on its incorporation or "Main Objects") and Clauses 49A to 49D under Clause III-B (i.e. Matters which are necessary for furtherance of the Main Objects or "Ancillary Objects") are proposed to be inserted in Memorandum of Association of the Company.

As per the provisions of Section 13 of the Companies Act, 2013, the Company can alter its object clause by way of addition, deletion, modification, substitution, or in any other way, by passing special resolution. The Board of Directors of the Company at its Meeting held on 04.05.2021 recommended the same for approval of the shareholders.

The Board, therefore, recommends the Special Resolution at Item No. 9 of the Notice for your approval.

None of the Directors / Key Managerial Personnel of the Company and their relatives is/are, in any way, concerned or interested, financially or otherwise, in the Resolutions.

By Order of the Board For GACL-NALCO ALKALIES & CHEMICALS PRIVATE LIMITED

#### **Project Implementation**

The project implementation activities of the company had major impact due to National election and unprecedented Monsoon in the previous financial year. With lot many extra efforts the Company has recovered from the same and achieved good progress in the months from November till February in the last financial year. However, the Project progress got affected again due to unprecedented crisis created by Covid-19 Pandemic from March 2021 followed by exceptionally high rain and extended monsoon in the year under review.

#### Impact of Covid-19 pandemic

The countrywide lockdown, labour migration issues and due to various directives/ advisories both by central and state government in view of the Covid-19 Pandemic brought the project to standstill conditions during the period from April 2020 till June 2020. All the offices of contractors, consultants and suppliers were also shutdown. The Engineering and Procurement teams restored to Work-From-Home (WFH) operations. Work was restored, but much lesser pace than expected. The Lockdown across the country, resulted in closing down the manufacturing facilities, causing delay in manufacturing and supply of plant and machineries. There were additional constraints related to logistics and supply chain resulted in non-delivery of ready material from manufacturers' facilities. The prevailing uncertainties also impacted the project. Later on, due to the exceptionally high rain and extended monsoon during the period of June to September 2020, the project progress was again affected adversely.

#### **Actions Undertaken & Observed Impact**

In order to mitigate the risk of spread of Covid-19, the Company had undertaken various steps including certain precautionary measures, adoption of work from home policy, managed to get the permission for early starting the construction activities following the Government directives to avoid spread of corona virus. The Company has provided various benefits to retain the workforce at site and organized the permissions for all the contractors for transportation of their staff and labourers. The Company has also extended support cashflows by making timely payments, organizing virtual inspections custom clearance etc.

Meetings / negotiations conducted with suppliers, contractors and consultants with the help of telephone / virtual meeting mode. The contractors encouraged to make use of the situation to complete documentation works. An integrated project schedule was finalised for both Caustic Soda Plant and Captive Power Plant along with other infrastructure targeting commissioning of Caustic Soda as early as possible. Even as

the project was recovering from the above impact, the resurgence of Covid-19 in the March 2021 had again put a shadow on the progress of the project by shortage of sufficient manpower at site and delivery of the remaining items in some manufacturing areas. The efforts were made to recover the time loss so that project can be commissioned in the beginning of third quarter of the financial year 2021-22.

#### Status of the project

The overall progress achieved for the project (i.e. Caustic Soda Plant and Captive Power Plant) as at the end of financial year was 89.98%. Overall engineering, procurement and construction progress achieved was 99.75%, 95.80% and 85.09% respectively. The construction activities at the site both in Caustic Soda Plant (CSP) and Captive Power Plant (CPP) and 220 KV transmission line were at advance stage.

#### **Captive Power Plant**

The overall progress achieved of the Captive Power Plant was 81.65% at the end of the financial year. Overall engineering, procurement and construction progress achieved was 99.5%, 89.7% and 70.6% respectively.

During the year, the Company initiated the process of engaging the services of Contractor for the operation and maintenance of Captive Power Plant.

#### Caustic Soda Plant

The overall progress achieved of the Caustic Soda Plant was 95.6% at the end of the financial year. The engineering work for the Caustic Soda was completed. Overall, procurement and construction progress achieved was 99.9%, 95.1% respectively. The procurement activities of almost all items completed barring few miscellaneous bulk items and later finalized items. Ordering of Cross-country Caustic Soda supply line and engagement EPCM services of Sulphate Removal System (SRS) completed. Ordering of SRS equipment and storm water pipeline are in progress. The completion level of major activities are: Civil work (concrete): 98.5%, Structural Erection: 96.9%, Piping: 95.6%, Equipment Erection: 88.5%, Electrical works (cable laying):86.8%, Instrument (cable laying):87.5%.

Pre-commissioning activities started on 1<sup>st</sup> February 2021 and is in progress on electrical and instrumentation systems with alternate arrangement of power and utilities.

During the year, the Company awarded contract for Operation and Maintenance (O&M) services for Caustic Soda Plant to M/s Priserve Infrastructure Pvt. Ltd. for a period of five (5) years.

#### Financial Closure/Creation of Charge

Due to GST implications and covid-19 impact during the year, project outlay estimate was revised from Rs.2000 Crore to Rs.2300 Crore for implementation of 800 TPD Caustic Soda Plant and 2x65 MW Captive Power Plant. The additional project cost of Rs.300 Crore was approved by the Board to be funded by the lenders in the debt:equity ratio (DER) of 70:30. For financing increase in project cost of Rs.300 Crore, additional borrowing of Rs.210 Crore was sanctioned by the existing lenders

viz., Punjab National Bank (PNB) and State Bank of India (SBI), making the total sanctioned borrowings to Rs.1610 Crore. The Board also raised equity portion of Rs.90 Crore during the financial year. With these, Financial Closure II was completed in February 2021.

The Company has executed necessary documents with the lenders and security trustee for the additional facility of Rs.210 Crore sanctioned by the lenders. The Company has filed necessary forms with respect to modification in charge in respect of deed of hypothecation and Mortgage Deed (Memorandum of Entry Constructive Delivery) in favor of the Security Trustee viz., PNB Investment Services Limited.

#### Agreements

The Company has completed the Product Off-take Agreements with GACL (one of its Promoters) for products for its own consumption and same is in advance stage of completion with NALCO for supply of Caustic Soda.

#### Credit Rating

During the year, CARE Rating Limited has reaffirmed the "Care A Stable" rating for Rs.1610 Crore long term facility consisting of Rupee Term Loan (RTL) facility from Punjab National Bank(PNB) of Rs.880 Crore and External Commercial Borrowings (ECB) facility of USD 100 Million (not exceeding Rs.730 Crore) from the State Bank of India (SBI) and Rs.200 Crore short term borrowings.

#### DIVIDEND AND RESERVES

Since, the Company has not started its operation during the year under review, the Directors do not recommend any divided and no amount is to be transferred to the reserve.

#### SHARE CAPITAL

During the Financial Year, the members of the Company approved the increase in the Authorised Share Capital of the Company from Rs.600 Crore to Rs.690 Crore. The Company during the year raised its paid-up share capital by issuing 9,00,00,000 equity shares of Rs.10/- each i.e. Rs.90 Crore, on rights basis to its existing shareholders of the Company. With this, paid-up share capital of the Company increased to Rs.690 Crore during the year.

#### AMENDMENT IN MEMORANDUM OF ASSOCIATION

The Company is setting-up 800 TPD Caustic Soda Project and 130 MW Captive Power Plant (CPP) at Dahej. The installed capacity of the CPP is 130 MW, out of which the generation capacity is 102 to 117 MW. The Company is into the main business of manufacturing of caustic soda and the major cost component of caustic soda group is electricity. The power generated through CPP will be used for captive purpose. Approximately 80-90% of the power generated through CPP will be utilized by the Company for captive use and balance power may be supplied by the Company to its Holding Company (GACL) or other customers including Government / local authority or other persons, subject to compliance of the Electricity Act / Rules for supply of such power.

Existing Main Object of the Memorandum of Association of the Company enables the Company to manufacture Caustic Soda and Power. It does not enable the Company to sell / supply / transfer the power generated by it to its customers in accordance with the applicable laws. The Company intends to transfer surplus power generated through its Captive Power Plant to GACL or other customers including Government / local authority or other persons, subject to compliance of the applicable laws. Further, the Company foresees promising opportunities in the power sector in the Country and it is, therefore, necessary to change the Main Object of the Memorandum of Association of the Company to enable the Company to venture into the area of generation, transmission and distribution of electricity. As per the provisions of Section 13 of the Companies Act, 2013, the Company can alter its object clause by way of addition, deletion, modification, substitution, or in any other way, by passing special resolution.

The Board of Directors of the Company at its Meeting held on 4<sup>th</sup> May 2021 approved, subject to approval of the shareholders, the amendments in the Main Object and other Objects of the Memorandum of Association of the Company to enable the Company to venture into the area of generation, transmission and distribution of electricity. Accordingly, the Board recommends the Special Resolution in the Notice for your approval.

#### SECRETARIAL AUDIT REPORT

#### FORM NO. MR - 3

#### FOR THE FINANCIAL YEAR ENDED MARCH 31, 2021

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of The Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

04<sup>th</sup> May, 2021

#### To, The Members, GACL–NALCO Alkalies & Chemicals Private Limited VADODARA – 391346

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **GACL–NALCO Alkalies & Chemicals Private Limited (CIN:** U24100GJ2015PTC085247) (hereinafter called 'the Company'). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

I have conducted verification & examination of records, as provided by the Company through email or in electronic mode, due to Covid-19 pandemic situation and following restrictions and guidelines issued by the Government, for the purpose of issuing this report.

Based on my verification of **GACL–NALCO Alkalies & Chemicals Private Limited**'s books, papers, minute books, certificates, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended March 31, 2021, complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

I have examined the books, papers, minute books, forms and returns filed, and other records maintained by the Company for the financial year ended on March 31, 2021 according to the provisions of:-

- (i) The Companies Act, 2013 ('the Act') and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;

  - *ii)* The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015; *Not applicable*
  - *iii)* The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018; *Not applicable*
  - *iv)* The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 2015; *Not applicable*
  - *v)* The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008; *Not applicable*
  - *vi)* The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993, regarding the Companies Act and dealing with client;
  - *vii)* The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; *Not applicable;* and
  - *viii)* The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018; *Not applicable*

I have also examined compliance with the applicable clauses of the following:-

- *i*) the Secretarial Standards issued by The Institute of Company Secretaries of India; and
- ii) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015; *The Company is not a listed entity, but the Company is a material subsidiary of Gujarat Alkalies and Chemicals Limited, a listed Company, w.e.f. 01<sup>st</sup> April, 2020 as per Regulations 16 of the SEBI* (*Listing Obligations and Disclosure Requirements*) Regulations, 2015.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc., mentioned above.

#### I further report that –

The Board of Directors of the Company is duly constituted and all the Directors are Non-Executive Directors. The Company has appointed a Woman Director. The Company is not required to appoint any Independent Director as per Rule 4(2) of the Companies (appointment and Qualifications of Directors) Rules, 2014 and the explanation given under Regulation 24 (1) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. During the period under review the changes in the composition of the Board of Directors were carried out in compliance with the provisions of the Act;

Adequate notice is given to all Directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system

exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting. Urgent business, if any, is considered at a shorter notice with the consent of the Directors present. Majority decision is carried through while the dissenting members' views, if any, are captured and recorded as part of the minutes. Recording of meetings held by video conferencing are maintained by the Company.

I further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines. I have relied on the representations made by the Company and its officers in respect of the systems and processes and mechanism formed for compliances under the applicable laws.

I further report that during the audit period, -

- i) the Company had made a Rights issue of the 9,00,00,000 equity shares and the 9,00,00,000 equity shares were allotted to the applicants / existing shareholders on 1<sup>st</sup> January, 2021;

#### **Report on the Audit of the Financial Statements**

#### Opinion

We have audited the financial statements of GACL-NALCO ALKALIES & CHEMICALS Private Limited ("the Company"), which comprise the balance sheet as at 31st March 2021, the statement of Profit and Loss, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, the loss, *changes in equity* and its cash flows for the year ended on that date.

#### **Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the *Code of Ethics* issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our Audit opinion.

#### **Emphasis of Matter**

The Company, at present, is in final stage of implementation of project and effects of resurgence of COVID – 2019 pandemic on project completion will depend on the future developments, which are highly uncertain. Our opinion is not modified in respect of this matter. (*Refer Note 29 to the notes to accounts*).

#### Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of other information. The other information comprises the information included in the Board's Report including Annexure to Board's Report but does not include the financial statements and our auditor's report thereon.

In connection with our audit of the financial statements, our responsibility is to read other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

#### Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, and cash flows of the Company in accordance with the Ind AS and accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to
  fraud or error, design and perform audit procedures responsive to those risks, and obtain audit
  evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not
  detecting a material misstatement resulting from fraud is higher than for one resulting from error,
  as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override
  of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

# **Report on Other Legal and Regulatory Requirements**

- 1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the *Annexure A* statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- 2. As required by Section 143(3) of the Act, we report that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

- c) The Balance Sheet, the Statement of Profit and Loss, Statement of Changes in Equity, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of the written representations received from the directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company does not have any pending litigations which would impact its financial position.
- ii. The Company has long-term contracts but no derivative contracts for which there were any material foreseeable losses.
- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

# Annexure – B to the Independent Auditor's Report

Referred to in paragraph 2(f) under "Report on other legal and regulatory requirements" of our report of even date

# Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of GACL-NALCO ALKALIES & CHEMICALS Private Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

# Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

# Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

# Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

# Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

# Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

# Notes to the Financial Statements

# Note No. 1:

# I. General Information:

1. GACL-NALCO Alkalies & Chemicals Private Limited (the Company), having CIN U24100GJ2015PTC085247 is a Private Limited company incorporated and domiciled in India and has registered office at GACL Corporate Building, PO: Petrochemicals – 391346, District - Vadodara, Gujarat, India. The equity shares of the company are held by Gujarat Alkalies and Chemicals Limited (GACL), a Company promoted by Government of Gujarat and National Aluminium Company Limited (NALCO), a Government of India company, at 60:40 ratio respectively. The Company is a joint venture between GACL and NALCO and both the equity owners are listed on the stock exchanges.

The Company is setting up a green field project of 800 TPD caustic soda manufacturing plant along with a 2X65 MW coal-based cogeneration power plant at Dahej PCPIR region of Gujarat at an investment of Rs. 2,300 crores.

# 2. Statement of Compliance:

The Financial Statements have been prepared in accordance with Ind AS notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended).

# 3. Application of new Indian Accounting Standards:

All the Indian Accounting Standards issued under section 133 of the Companies Act, 2013 and notified by the Ministry of Corporate Affairs (MCA) under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) till the financial statements are authorized have been considered in preparation of these Financial Statements.

# II. Significant Accounting Policies:

# 1. Basis of preparation and presentation:

The Financial Statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below:

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013 and Ind AS 1 – Presentation of Financial Statements based on the nature of business and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents.

# Use of estimates:

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and

expenses during the period. Application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed in notes below. Accounting estimates could change from period to period. Actual results could differ from these estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and if material, then effects are disclosed in the notes to the financial statements.

### Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions.

The Company categorizes assets and liabilities measured at fair value into one of three levels depending on the ability to observe inputs employed in their measurement which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.

- Level 2 inputs are inputs that are observable, either directly or indirectly, other than quoted prices included within level 1 for the asset or liability.

- Level 3 inputs are unobservable inputs for the asset or liability reflecting significant modifications to observable related market data or company's assumptions about pricing by market participants.

# 2. **Property, Plant and Equipment:**

Property, Plant and Equipment (PPE) are stated at cost, less accumulated depreciation and impairment, if any. Costs directly attributable to acquisition are capitalized until the property, plant and equipment are ready for use, as intended by management. The Company depreciates property, plant and equipment over their estimated useful lives using the straight-line method. The estimated useful lives of the assets are as follows:

Asset	Useful life
Furniture and Fixture	10 years
Computers and its peripherals	3 to 6 years
Office Equipment	5 years

Assets in the course of construction for production of goods and/or services or for administrative purposes or for which classification is not yet determined and are not put to use are included under **capital work-in-progress** and are carried at cost. Advances paid towards the acquisition of property plant and equipment and outstanding at Balance Sheet date is classified as Capital advances under "Other Non-Current Assets".

An item of PPE is de-recognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of PPE is determined as the difference between the net sales proceeds and the carrying amount of the asset and is recognized in the Statement of Profit and Loss.

Depreciation is recognized so as to write off cost of assets less their residual values over their useful life, using the straight-line method. The useful life as prescribed under Schedule II of Companies Act has been followed. The residual value of assets is maintained at 5 % of original cost. The estimated useful lives, residual value and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in the estimate accounted for on a prospective basis.

Depreciation on subsequent expenditure on PPE arising on account of capital improvement or other factors is provided for prospectively over the remaining useful life.

Depreciation on additions/deletions during the year is provided for on a pro-rata basis with reference to the date of additions/deletions except low value items not exceeding Rs.5,000/- which are fully depreciated at the time of addition.

# 3. Intangible Assets:

Intangible assets with finite useful life that are acquired separately are carried at cost less accumulated amortization. Amortization is recognized on straight line basis over their estimated useful lives without retaining any residual value. The estimated useful lives and amortization method are reviewed at the end of each reporting period, with the effect of any changes in the estimate accounted for on a prospective basis. The estimated useful lives of intangible assets are as follow:

Asset	Usefu	l life
Accounting Software	5	years

# 4. Impairment of Tangible and intangible assets:

Tangible assets (Property, Plant and Equipment including Capital Works in Progress) and Intangible assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

If such assets are considered to be impaired, the impairment is recognized in the Statement of Profit and Loss and is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the Statement of Profit and Loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

# 5. Income Recognition:

Income is measured at the fair value of the consideration received or receivable.

# Interest Income:

Interest income from financial assets is recognized when it is probable that the economic benefits will flow to the company and the amount of income can be

measured reliably. Interest income is accrued on the time basis by reference to the principal outstanding and at the effective interest rate applicable. **Other Income:** 

Other income is recognized on accrual basis except when realization of such income is uncertain.

## 6. Leases:

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

#### Company as a lessee

# (A) Lease Liability

At the commencement date, the Company measures the lease liability at the present value of the lease payments that are not paid at that date. The lease payments shall be discounted using incremental borrowing rate.

#### (B) Right-of-use assets

Initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives.

#### Subsequent measurement:

### (A) Lease Liability

Company measure the lease liability by (a) increasing the carrying amount to reflect interest on the lease liability; (b) reducing the carrying amount to reflect the lease payments made; and (c) remeasuring the carrying amount to reflect any reassessment or lease modifications.

# (B) Right-of-use assets

Subsequently measured at cost less accumulated depreciation and impairment losses. Right-of-use assets are depreciated from the commencement date on a straight line basis over the shorter of the lease term and useful life of the under lying asset.

#### Impairment

Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

# Short term Lease:

Short term lease is that, at the commencement date, has a lease term of 12 months or less. A lease that contains a purchase option is not a short-term lease. If the company elected to apply short term lease, the lessee shall recognise the lease payments associated with those leases as an expense on either a straight-line basis over the

lease term or another systematic basis. The lessee shall apply another systematic basis if that basis is more representative of the pattern of the lessee's benefit. **As a lessor** 

Leases for which the company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

Lease income is recognised in the statement of profit and loss on straight line basis over the lease term.

# 7. Foreign currency transaction:

The functional currency of the Company is Indian Rupees which represents the currency of the primary economic environment in which the Company operates.

Transactions in currencies other than the Company's functional currency (foreign currencies) are recognized at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognized in statement of profit or loss in the period in which they arise except for exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings.

# 8. Borrowing Costs:

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognized in statement of profit or loss in the period in which they are incurred.

Borrowing costs consist of interest and transaction costs that the Company incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

# 9. Employee benefits:

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits and they are recognized in the period in which the employee renders the related service. The Company recognizes the undiscounted amount of short-term employee benefits expected to be paid in exchange for services rendered as a liability. These benefits include salary, wages, bonus, compensated absences, etc.

# 10. Income Taxes:

Income tax expense represents the sum of the tax currently payable and deferred tax.

# Current Tax:

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'Profit Before Tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

# Deferred Tax:

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the Financial Statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax asset to be utilized.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on net basis, or to realize the asset and settle the liability simultaneously.

# Current and deferred tax expense for the year:

Current and deferred tax expense is recognized in the Statement of Profit and Loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

# 11. Provision, Contingent liabilities and Contingent assets:

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into

account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

Contingent assets are disclosed in the Financial Statements by way of notes to accounts when an inflow of economic benefits is probable.

Contingent liabilities are disclosed in the Financial Statements by way of notes to accounts, unless possibility of an outflow of resources embodying economic benefit is remote.

# 12. Financial instruments:

The Company determines the classification of its financial assets and liabilities at initial recognition. The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

# Initial Recognition:

Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit and loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. The transaction costs directly attributable to the acquisition of financial assets and financial liabilities at fair value through profit and loss are immediately recognized in the statement of profit and loss.

# Subsequent Measurement

# I. Financial assets

# a. Cash and Cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

# b. Financial assets carried at amortized cost

Financial assets are subsequently measured at amortized cost if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

# c. Financial assets at fair value through Other Comprehensive Income (FVTOCI)

Financial Assets are subsequently measured at fair value through Other Comprehensive Income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Company has made an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in Other Comprehensive Income based on its business model.

# d. Financial assets at fair value through profit or loss (FVTPL)

Financial assets are measured at fair value through profit or loss unless it is measured at amortized cost or at fair value through other comprehensive income on initial recognition.

# e. Impairment of Financial Assets

The Company recognizes loss allowances using the Expected Credit Loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment gain or loss in profit or loss.

# f. Derecognition of financial assets

The Company derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. On derecognition of a financial asset in its entirety, (except for equity instruments designated as FVTOCI), the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognized in statement of profit and loss.

# II. Financial liabilities

**a.** Trade and other payables are initially measured at fair value, net of transaction costs, and are subsequently measured at amortized cost, using the effective interest rate method where the time value of money is significant. Interest bearing issued debt are initially measured at fair value and are subsequently measured at amortized cost using the effective interest rate method. Any difference between the proceeds(net of transaction costs) and the settlement or redemption of borrowings is recognized over the term of the borrowings in the statement of profit and loss.

The effective interest method is a method of calculating the amortized cost of a financial instrument and of allocating interest income or expense over the relevant period. The effective interest rate is the rate that exactly discounts future cash receipts or payments through the expected life of the financial instrument, or where appropriate, a shorter period.

# b. Derecognition of financial liabilities

The effective interest method is a method of calculating the amortized cost of a financial instrument and of allocating interest income or expense over the relevant period. The effective interest rate is the rate that exactly discounts future cash receipts or payments through the expected life of the financial instrument, or where appropriate, a shorter period.

# Offsetting of financial instruments

Financial assets and financial liabilities are offset, and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, or to realize the assets and settle the liabilities simultaneously.

# 13. Earning per share:

Basic earnings per share are computed by dividing the profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. The Company did not have any potentially dilutive securities in any of the period presented.

# III. Critical Accounting judgements, Assumptions and Key source of estimation uncertainty:

Inherent in the application of many of the accounting policies used in preparing the Financial Statements is the need for Management to make judgments, estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported amounts of revenues and expenses. Actual outcomes could differ from the estimates and assumptions used.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised, and future periods are affected.

Key source of judgments, assumptions and estimates in the preparation of the Financial Statements which may cause a material adjustment to the carrying amounts of assets and liabilities are in respect of useful lives of Property, Plant and Equipment.

#### Financial Risk Management

The Company's principal financial liabilities, comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's capex operations. The Company's principal financial assets include deposits and cash and cash equivalents.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The senior Management ensures that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

#### a. Market Risk

Market risk is the risk or uncertainty arising from possible market price movements and their impact on the future performance of the business. The major components of market risk are price risk and interest rate risk.

#### i. Price Risk

Investment of short-term surplus funds of the Company in liquid schemes of fixed deposits and mutual funds provides high level of liquidity from a portfolio of money market securities.

#### ii. Interest Rate Risk

The Company's main interest rate risk arises from the long term borrowings with floating rates. The Company's floating rates borrowings are carried at amortised cost. Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

Sensitivity analysis					
The sensitivity analysis below	v have been detei	rmined based on the expo	osure to interest rat	tes for instruments	
at the end of the reporting p	eriod. For floating	g rate liabilities, the analy	sis is prepared ass	suming the amount	
of the liability outstanding at	the end of the rep	orting period was outstan	ding for the whole	year.	

If the interest rates had been 50 basis points higher / lower and all other variables were held constant, the Company's interest expense would be impacted to the extent of Rs.389.78 lakhs (PY: Rs.133.47 lakhs). However, there would be no impact on profit before tax, since interest is capitalised.

# b. Liquidity Risk

Ultimate responsibility for liquidity risk management rests with the Board of Directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-term, medium-term and long-term funding and liquidity management requirements. The Company manages its funds mainly from capital infusion and borrowings.

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The information included in the tables have been drawn up based on the undiscounted cashflows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows. The contractual maturity is based on the earliest date on which the Company maybe required to pay.
